

A Premier Silver & Gold Exploration Company

Diablillos Silver-Gold Project

-  **DIABLILLOS** Advanced-Stage, Near-Surface Oxide Silver-Gold Project
-  **LARGE M&I RESOURCE** 53.3 Mt @ 87 g/t Ag, 0.79 g/t Au for 148 Moz Ag & **1.4 Moz Au**
-  **EXCELLENT EXPLORATION UPSIDE** to further expand resources within existing deposits and define multiple new mineralized zones
-  **STRONG RECORD OF EXPLORATION SUCCESS** with an average discovery cost of only US\$0.11/oz AgEq since 2020
-  Located in **MINING-FRIENDLY SALTA PROVINCE, ARGENTINA**

Conceptual open pits and proposed site infrastructure

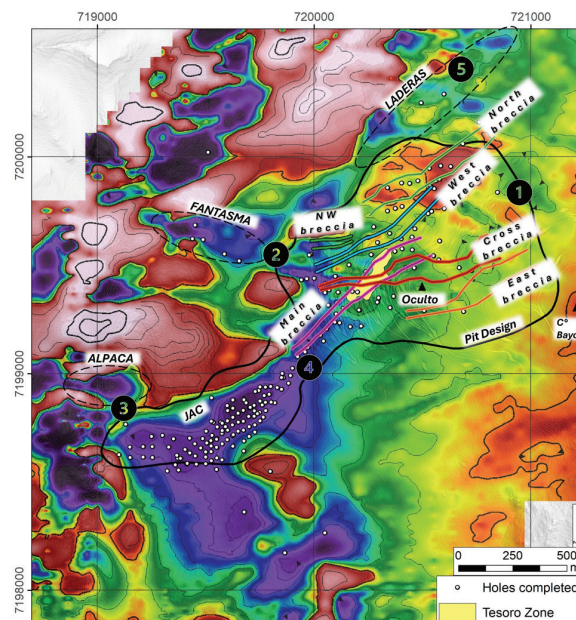

M&I Silver
148 M oz
87 g/t Ag

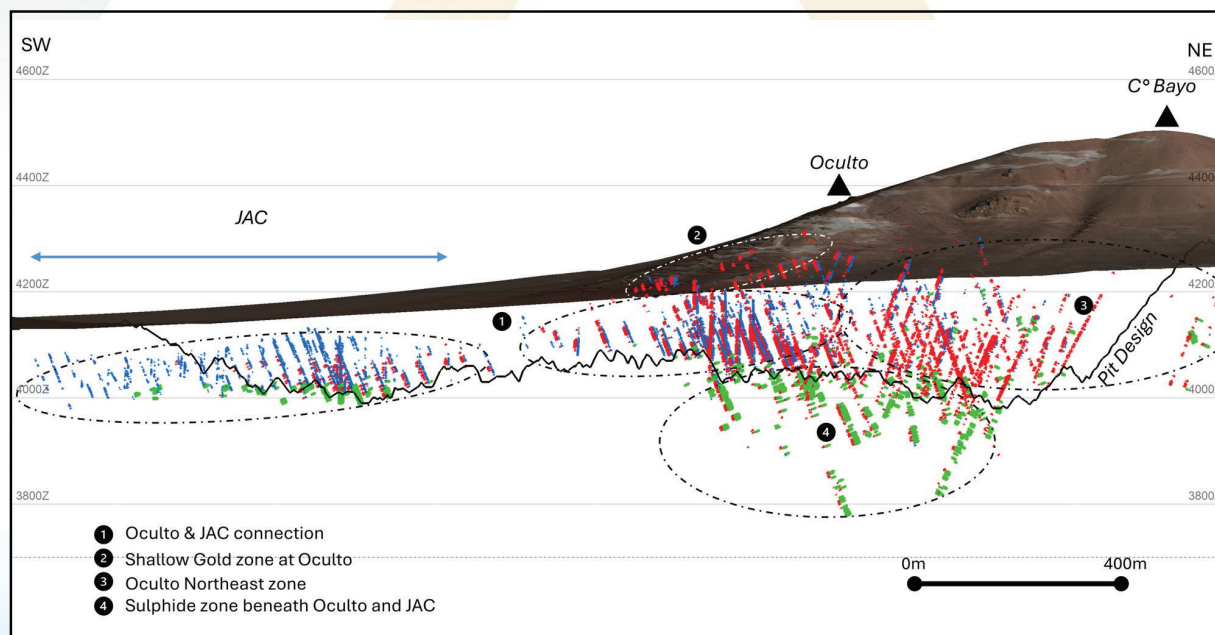

M&I Gold
1.4 M oz
0.79 g/t Ag

 Multiple targets to expand high-grade zones around Oculito & JAC pit shells:

1. Continuity of high grades within Oculito pit shell
2. Extension of Fantasma Zone towards Oculito
3. Connection of Alpaca to JAC
4. Oculito-JAC
5. Laderas expansion

Multiple exploration targets to expand high-grade zones around Oculito and JAC deposits
